Common Courses for all Fully Qualified Team Officials in Ontario:

The following courses are common requirements for all fully qualified team officials in Ontario Soccer. They do NOT have to be taken annually, in fact, most are needed only once in a team official's career (Respect in Sport - Activity Leader being the exception; required every 5 years.) Some of these overlap and ARE transferable if you are involved in other children's activities. You and/or your club registrar can use the [NCCP Locker](#) to check what you make have already to avoid doubling up.

Please note:

Space is limited for all courses and beyond the control of the club. Delayed registration & payment will increase fees. Register early to avoid disappointment.

Making Headway in Soccer - for everyone involved in Soccer!

The online course is broken into modules so you can fit it into small blocks of time you have. You should expect to spend 60-90 minutes completing the course in total. Each completed module will be recorded on your coaching transcript as professional development.

Respect in Sport - Activity Leader, for all Fully Qualified Team Officials

Required for Team Managers as well as coaches. It must be renewed every 5 years.

The Respect in Sport program was introduced in 2011 to provide coaches with invaluable information about coaching and essential approaches around working with youngsters in an appropriately respectful and nurturing coaching environment. RiS is an e-learning program for coaches, trainers, managers and any adult with a supervisory role over youth involved in soccer. It is designed as a tool to assist participants in identifying and dealing with abuse, neglect, harassment and bullying in sport.

The online course curriculum is broken into six (6), 30-minute modules, and includes audio/visual presentations, quizzes, and printable handouts. Another beneficial feature of the program is that it does not need to be done all at once; it can be completed at your leisure. All competitive-level coaches must complete the "Respect in Soccer" program. We are hoping that coaches will recognize the long-term value of the program because of the values it promotes and also what it teaches regarding important practical guidelines for youth coaches.
